

► Please **dress** in warm, comfortable layers, several thin layers are better than heavy jackets or parkas. Mittens or gloves are essential and please avoid long scarves or hats that dangle. Thin nylon socks keep feet warmer than heavy cotton ones. Avoid all bulky socks in skates. Round backed **helmets** are strongly encouraged for all young beginners. Pointed back bike helmets will not be allowed on the ice.

► All students are strongly encouraged to take full advantage of the practice ice time provided with each program, as a minimum. Additional practice ice is available for purchase, along with **private lessons**, to accelerate your progress, take you to the next level or just work out on a specific skill.

► All skaters enrolled in classes will receive **one dollar off at all public sessions**.

General Information

▶ The **Wonderland Skating School** is a member of the Ice Skating Institute.

We are committed to promoting ice skating as a recreation for life, while at the same time giving skaters a strong foundation on which to build the more competitive facets of our sport such as figure skating and ice hockey.

▶ All classes at the **Wonderland Skating School** will have a **maximum student to instructor ratio of eight to one.**

▶ The use of **rental skates** is included with all lesson programs. However, skaters are strongly encouraged to purchase their own skates for consistency. New and used skates are available at the **Center Ice Pro Shop**, located in the Wonderland of Ice. No double bladed skates will be allowed in classes.

▶ All skaters will be registered with the Ice Skating Institute and will receive the "Recreational Ice Skater" publication.
